

Fully Enclosed with roof

and Bi-fold Doors

Fully enclosed with roof

This beautiful, enclosed design gives you protection from the seasonal elements. This is our top option offered with all the bells and whistles. Enclosed lifts with roof come with overhead lights and protection from the sun with a tinted ANSI Z97.1 acrylic lexan. Also standard options such as 3/8" stainless steel ropes, slip resistant flooring, and an all aluminum and stainless steel construction.

Modular Mounting Designs

I-BEAM MOUNT

This option fits to any application that needs to mount to a corner deck or house location.

TRIANGLE MOUNT

This option fits to any application that needs to mount to the side of a deck or house location.

C_CHANNEL MOUNT

This option fits to any application that needs to mount directly to a deck or house location.

THE CAROLINA LIFT

Sustainably Sourced Materials

All aluminum and stainless construction to withstand the harsh environment.

High Quality Craftsmanship

Beautifully engineered product. Manufactured in our facility here in South Carolina.

Easily Assembled

The modular design allows easy customization that can be assembled in days.

What is the weight capacity?

The Carolina Lift has a passenger weight rating of 750 Lbs.

What power is needed?

The Carolina Lift requires a dedicated 240V / 30amp breaker with 10/3 wire and disconnect.

Customer Reviews

Allison Brown

Love my lift!!! So much easier to get in the groceries.

Paul Watson

Purchased my lift 2 years ago to help get my disabled father-in-law in our 2-story home. Great purchase!

Chad Gibbons

My salesman Jason was very knowledgeable on the product and kept me updated thru the entire process. Wonderful job by the entire team.
